EXECUTIVE SUMMARY

Electronics and Communication Engineer with hands-on experience in PCB design and exploring analog circuits. Proficient in Altium Designer and STM32 development tools.

SKILLS

PCB Design: Altium Designer, Schematic capture, Circuit Design, PCB layout Design, DRC, Gerber generation, Output job files

Embedded Systems: STM32, ESP32, Sensor calibration

Programming Language: C, MATLAB

Tools & Tech: STM32CubeIDE, Altium Designer, KiCAD, Arduino IDE, STM32CubeMonitor, ANSYS HFSS, Verilator.

Languages: English(Professional), Tamil(Native)

INTERNSHIP EXPERIENCE

Punha LLP, PCB Design intern — 03/2026 – 06/2026 — Remote

- Designed **3 PCB prototypes** for healthcare wearable devices using **KiCad**.
- Created schematic designs, component footprints, and PCB layouts while following **design rule checks (DRC)** and PCB design guidelines.

ISRO - LIQUID PROPULSION SYSTEM CENTER, Student intern — 10/2025 – 11/2025 — Tiruvandrum, Kerala

- Studied flow measurement chains including **sensors**, **transmitters**, **signal conditioning**, **TIB**, and **DAQ systems**.
- Gained hands-on exposure to **analog signal processing**, **sensor interfacing**, and **industrial instrumentation electronics**.

PROJECTS

Custom ESP32S3 mini with USB Type C - PCB Design

Designed a custom ESP32-S3 Mini development board integrating USB Type-C for efficient power and data transfer.

Orientation Control Using MPU6050 by STM32F401CCU6 MCU

Acquired raw accelerometer and gyroscope data, applied offset calibration, and calculated roll angle from accelerometer readings.

Automatic Temperature and Water Controlling System

Developed a microcontroller-based system to monitor and control temperature and water levels using appropriate sensors.

CERTIFICATES

Altium Skilled Engineer	(Online-2026)
Altium Emerging Engineer	(Online-2026)
Altium Designer Essential	(Online-2026)
Altium Workspace User Management	(Online-2026)
PCB Design Essentials - Altium	(Online-2025)
C Programming Skill Rack	(Online-2025)
Embedded Systems	(Online-2025)

EDUCATION

B.E (Hons), Electronics and Communication Engineering, — 2023 – Present
Rajalakshmi Institute of Technology (Autonomous), Chennai

Class X & XII-State Board, — 2020 – 2023
Sir .C. P. Memorial Government Higher Secondary School, Kanyakumari

VOLUNTEERING

IEEE Student Branch Treasurer, Rajalakshmi Institute of Technology — 2025 – 2026
